FOREWORD

Dear festival goers,

Thank you for attending this years' Festival, the second in what we hope will be an annual event for many years to come.

Myddleton Road was developed in 1890 in the grounds of the former Bowes Manor, a luxurious Estate complete with idyllic pleasure gardens and lake. Despite small street parties in 1937 and 1953 to celebrate the coronation of King George VI and our present queen there are no known festivals of this kind having taken place before. The street distinguished itself during the latter by winning a prize for its decorations.

For many years, Myddleton Road was a prosperous shopping centre serving the community created by the new railway station at Bowes Park built in 1880. In the 1920's, it achieved the reputation of "Wood Green with its Sunday clothes on". Recently however, it has been on the decline due to the Wood Green Shopping City and out of town shopping complexes. Local Councillors have tried to regenerate the area by introducing a market in the road but this suggestion was eventually rejected as it did not receive the full support it needed.

The opening of Henley's Bar has done much to revive the local community and form friendships. It was here, thanks to our local rock heroes "The Remains" that the idea for a local festival was born and acted upon and an Organising Committee formed. Originating from the desire to play at a larger venue in the area the Committee soon grew to include local people from outside the band. From these small beginnings, enthusiasm grew in the community and amongst the Council.

Offers of help and generous donations have kept the endeavour going and now it looks as if this truly local initiative will help put Myddleton Road back on the map. On a more serious note, we hope this opportunity for family and friends to listen to local talent and have lots of fun will generate donations towards the Mayor's Charity which is the Women's Breast Cancer Unit (North Middlesex Hospital), 24th Tottenham Scouts with special needs and CARIS Haringey Homeless Families Project.

Finally, it only remains for us to wish you a fun filled day. Enjoy the music, let your hair down and listen to some great bands. Get stuck into our competitions and super raffle. Visit the stalls including our very own local history stall (run by David Chanter and Cristina Roe) featuring old photos, maps and articles and get into the spirit of the street entertainment.

Have a wonderful day!

SPECIAL THANKS TO REG

Myddleton Road Memories 1930-1998

Market Stores – Myddleton Road

By Mrs. Bertha Evans and Miss Maud Peek

My family originally live in Southgate, but in 1936 we moved to Bowes Park being influenced by two factors, namely the availability of three forms of public transport (bus, rail and underground) giving easy access to the City and the West End of London, and especially the excellent shopping facilities afforded by Myddleton Road. We had become aware of this in the early 1930's as my school shoes had to be bought from one of the shops in the road.

In 1936 the stretch of Myddleton Road from Palmerston Road to Whittington Road boasted a Post Office, a bank, a Doctor plus a pawnbroker/jeweller, watchmaker. Laundry, fried fish shop, toy shop, decorator/builder, florist, off licence, photographer, tailor, 2 bakers, 2 fishmongers, 2 confectioners, 2 stationers, 2 chemists, 2 dryers and cleaners, 2 hairdressers, 2 dairies, 3 greengrocers, 3 tobacconists, 3 ladies' dress shops, 3 gentlemen's outfitters, 3 drapers, 4 butchers, 5 house furnishing shops, 5 boot and shoe shops (more walking as fewer cars then) plus 9 general provision shops (the mini-supermarkets of their day). Myddleton Road, in fact, could provide most, if not all, of our everyday needs.

There was a good communal spirit in the road. Shoppers had easy access to the shops as few private cars were used so there were no parking problems in the road. Customers were well known to the shopkeepers who, as well as selling their goods, were ready to give advice on where to get a decorator, a gardener, help in the house, etc., even accommodation (a new house or flat).

But change was inevitable over the years. The old shops, for various reasons, began to be replaced or even closed, the most lamented being the loss of the Post Office. A few shops, although mostly under new ownership, mainly sell the same goods as before i.e. on the south side the fried fish shop, butchers, gents outfitters and the tailors; on the north side the hairdressers/barbers, newsagents, laundry (now the launderette) chemists, a good supermarket, greengrocers/general store. 'Aladdin's Cave' (an excellent variety of goods). Paint and builders suppliers, a shop selling paper plates etc. In addition there is Henleys to look after our social needs. The fact of the Myddleton Road street Festival demonstrates the communal spirit of the road lives on – as does the sign above the south side shops.

HARINGEY FESTIVALS '98

This summer sees the launch of the Haringey Festivals '98 programme, with no fewer than six key community festivals scheduled between May and July. The programme is a collaborative venture between Haringey Council, Haringey Arts Council and local communities, as a forerunner to a borough wide millennium celebration.

The main objective of the Haringey Festivals '98 programme is to promote a borough wide initiative in both community/voluntary and private/public sectors. The key aim of the project is to work towards securing funding for

both a spectacular millennium celebration.

The programme will include established dates such as the Muswell Hill Street Festival and the The Hornsey Carnival, with new events, for Wood Green, Finsbury Park and Crouch End. The Tottenham Community Festival also gets the go ahead for the second year along with The Myddleton Road Street Festival, also in it's second year.

Haringey Arts Council now wish to hear from local artists, organisations, theatre groups, performers, from all sectors of the community who wish to take part in the festivals.

Individuals or groups interested in stalls should make themselves known, as festival organisers are awaiting applications. HAC also need to be aware of any other scheduled events for the summer months so that these can be included in the overall festival programme

Myddleton Road – A shopping treat

BY KAREN RIDOUT

How often have you walked up or down Myddleton Road on your way to the train station or the bus to Wood Green? How many times have you actually looked at what Myddleton Road has to offer? Not much? You'd be wrong – let me take you on a little tour of our Myddleton Road.

As you approach Myddleton Road from the Green Lanes end the first few shops you come across are the following:

On the left hand side you have AYIANNOUS DIY they sell everything from screws and nails to bathroom suites. Next door to them we have LADBROKES very convenient for that little flutter. A little further up and we have VRISAKI – one of the finest if not the best traditional Greek restaurant in the area they also do a fantastic take-away. Finally on that little stretch of road there is A&A's a greengrocer who stocks most of the herbs and spices that you would find in Wood Green – only they're cheaper!

Look across the road and you will find SHEENA'S NEWS – all your newsagent requirements with that little personal touch – Rajh knows everyone which can be useful sometimes if one of the elderly customers doesn't come in for their morning paper.

Now cross the road and let me take you, diagonally right up to the train station.

On the right hand side we have PAPERCRAFT – this is a veritable mine of useful stuff that you might need for a party – plates, cups, balloons, banners etc can all be found in here – again very reasonable prices too.

Directly opposite we have a new venture waiting to take off – herbal medicines etc – nearer than Barrett and Barrett in the High Road huh? Next to this we have MYDDLETON ELECTRICS – all you need in here for a complete re-wire or just a fuse for the plug. Helpful and friendly are always willing to give advice. Opposite again and we find ELMWOOD FLOORING – suppliers of all types of wooden floor from real timber to laminate, also all borders and trims for flooring. Look across again and we find MYDDLETON FISH BAR – just the thing on a Friday night after a long week not wanting to cook. Just recently opened – why not give it a try? Go up a shop and you find MANDELLES local family run cafe – everything from large breakfasts to evening meal. Next door we have IMPERIAL AIRTOURS one of two travel agencies in the road – yes that's right we have two. Friendly efficient service – also specialist in Greek travel. Across the road now and we have THE HAPPY SHOPPER this is Myddleton Road's answer to Safeways. Here we have a shop that virtually sells everything – open from 9.30 – 10.30 every day and the staff are

always polite, helpful and willing to help. Next to the supermarket we have the LAUNDERETTE – what small community street would be complete without one and Myddleton Road is no exception.

Look across the street again and we have AETOS FC a local Greek football club. Next door we have LAZARUS – a family run butchers shop. I would defy anyone to buy a turkey anywhere else once they had got one from here. Father and daughter run this shop and always have a friendly wave or smile for all their customers. Next door we have GEORGE MOORE'S – one of the oldest shops in the road. This shop sells everything you would need for grandad's birthday or dad's Christmas present. This shop is definitely worth a look at. Then we come to the community focal point – the local pub. HENLEYS BAR has been open for 10 years. Michael and Rita McNicholas run this very community orientated pub – this is where the idea for the Festival originated – and we've not looked back since. Opposite here is ALADDINS CAVE – run by Peter Turner and his wife Jean, they have been trading in the street for 25 years. Who needs Wood Green when you have a shop like this. They sell everything from needles to cotton to steamers and dinner services. This shop is not to be missed when strolling down the street. Next door we have – a stained glass window shop. Cross the road again and we find ANEMONE TRAVEL – the second travel agency. You wouldn't ever have known that we had two travel shops in the road would you? Next door we ANITA'S HAIR DRESSERS one of the only hair dressers I know that does exactly what you ask them to do – worth visiting even if its just for coffee and a trim! Now we reach TROLLS WINE BIN this is run by KC and his lovely wife. Always chatty, KC is a major contributor to the street Festival with donations and sponsorship. Next door again we have a local dress factory with a small shop that sells their designs. Good quality clothing at affordable prices – this should not be missed today. Look opposite and you see R&D ELECTRICS TV, Video repairs and local supplier of all types of electrical goods. Then we have another new venture just opening selling Indian spices and things – go on, buy something – be adventurous. Next to this we have BARNET BRAKE AND CLUTCH a 24-hour supplier of car parts and spares. One of two barbers come next. Qualified staff will cheerfully cut little Jimmy's hair the old fashioned way – remember – sitting on a lump of wood because you were too small for the chair! Here again a new venture ELIAS ESTATES. Need to rent a room, shop or office – look no further. Competent and helpful staff always willing to give advice.

Go across the road again and we have a very classy shoe shop. Don't bother with the likes of Shoe Express – take a look at what's on offer here. Next door is a shoe shop with a difference – hand made shoes. Go on treat yourself to a beautiful pair of high quality shoes. Then we have PANKOS a tailors extraordinaire – imagine hand made suits gents! No need to win the Lottery either affordable top quality suits made to measure and just around the corner – who would have believed it? Look over the road now we have our second barber shop open 7 days a week for you to have a hair cut, shave or whatever. Too busy during the week never mind come down on Sunday. While you're at it visit the second of our Newsagents. Papers, sweets toys this will keep the kids happy while you have a haircut or a pint. Next we have Deansbrook Gallery, a picture/portrait gallery. All pictures framed at reasonable cost.

Finally on this side we have a PIZZA SHOP, can't be bothered to cook? Busy watching the football? Send out

for a pizza – they deliver too. Cross the road for the last time and we have PARK VUE our local dentist. Relaxing atmosphere and very good dentists. One final place not to be missed out of Myddleton Road that is BOWES PARK NURSERY a relatively new venture but none-the-less extremely competently run. Fully qualified staff and a very clued up management team make this a real community based facility. Also major helpers with the Festival.

This is a picture of Myddleton Road in 1998 – not so different from 1936 Mrs Bertha Evans and Miss Maud Peek gave us a lovely description of Myddleton Road as it was then – the only things missing? Well a Post Office, a jewellers, a toy shop, a builders, 2 fishmongers, a florist, 3 drapers, 4 butcher shops, 5 house furnishing shops and 9 general provision shops. Although times change and supermarkets have come to life – *we should never forget the community shopping street and Myddleton Road is one of the finest.*
